

A Seminar  
on

## **The Challenges of Diversification: An introduction to the work of the Post-Primary Languages Initiative (PPLI)**

By  
**Karen Ruddock**

National Co-ordinator of Post-Primary Languages Initiative (PPLI)

The seminar will include a presentation on some of the challenges associated with diversification of languages provision in second-level education in Ireland. It will focus particularly on how the PPLI is responding to these challenges in the current climate where demand for a wider choice of foreign languages is growing and the economic resources to provide for this demand are diminishing. While teachers and language professionals in all languages are welcome, we would particularly welcome the attendance of colleagues involved in teaching and promoting Chinese, Japanese and Russian in our schools.

**Date:** Thursday 17<sup>th</sup> June 2010

**Time:** 7.30pm

**Location:** UCD Applied Language Centre, Daedalus Building, Belfield Campus, Dublin 4. (Please note that, as we are out of term, parking is available on the Belfield campus.)

*Followed by wine reception at UCD Common Room*
